Dear Governor Cooper,

Please do all in your power to fight the Atlantic Coast Pipeline. As a lifelong North Carolina resident, I value the natural beauty of my state, and do not want another fracked gas pipeline ruining the already threatened environments that make our state as lush and beautiful-- and productive-- as it is.

Not only that, the ACP will result in much more pollution, both in the air and water, than any North Carolinian wants or needs. We don't need to get sicker, considering the damage Trump has done to the insurance marketplace. This will create a negative feedback loop that could destroy our state's livelihood and the people in it.

Please reject the Atlantic Coast Pipeline and do not allow its backers to obtain the permits they need to make this move forward.

Thank you.
